

Spill Kits

Comprehensive solutions for immediate spill response.

Universal Spill Kit 240L & 120L | Assorted Colors

Introducing our Universal Spill Kit, a comprehensive and versatile solution designed to handle a wide range of liquid spills, including oils, chemicals, and hazardous substances.

240L Wheelie Bin, 1 x Industrial Broom 380mm, 1 x Spark Proof Spade, 1 x Standard Absorbent 10Kg, 1 x Absorbent Boom 1m x 200mm, 1 x Absorbent Pillows 400 x 400, 1 x Nitrile Gloves Dromex, 2 x FFP2 Dust Mask, 2 x Protective Spectacles Dromex, 2 x 2m boom x 200mm, 1 x Dust pan and Brush, 5 x Heavy Duty Disposable Bags, 5 x Cable Ties

Oil & Fuel Spill Kit 240L & 120L | Assorted Colors

The 70L Portable Spill Kit provides versatile spill response options in a lightweight, easy-to-carry bag. Perfect for medium spills in various settings.

240L Wheelie Bin, 1 x Industrial Broom 380mm, 1 x Spark Proof Spade, 1 x Standard Absorbent 10Kg, 10 x Absorbent Pads 400 x 380, 1 x Nitrile Gloves Dromex, 2 x FFP2 Dust Mask, 2 x Protective Spectacles Dromex, 1 x 2m boom x 200mm, 1 x Dust pan and Brush, 5 x Heavy Duty Disposable Bags, 5 x Cable Ties

Chemical Spill Kit 240L & 120L | Assorted Colors

The 70L Portable Spill Kit provides versatile spill response options in a lightweight, easy-to-carry bag. Perfect for medium spills in various settings.

240L Wheelie Bin, 1 x Industrial Broom 380mm, 1 x Spark Proof Spade, 1 x Chemical Absorbent 10Kg, 1 x Chemical Absorbent Boom 1m x 200mm, 1 x Chemical Absorbent Pillows 400 x 400, 1 x Nitrile Gloves Dromex, 1 x FFP2 Dust Mask, 2 x Protective Spectacles Dromex, 2 x 2m boom x 200mm, 1 x Dust pan and Brush, 5 x Heavy Duty Disposable Bags, 5 x Cable Ties

Eco-Friendly 30L Spill Kit | Absorbents & Safety

The 30L Eco Spill Kit is designed with eco-friendly absorbents for effective cleanup while minimizing environmental impact. Compact and efficient, it's perfect for light spill control in workshops, garages, and transport vehicles.

Portable Spill Kit Bag (White) x 1, Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 1, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

30L Spill Kit in Tamper-Proof Bucket

Portable and secure, our 30L Spill Kit in a tamper-proof bucket is designed for quick and safe spill response. Ideal for workshops, garages, and on-the-go use, it includes essential absorbents and PPE for oil, chemical, and general spills.

25L Tamper Proof Bucket x 1, Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 2, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

70L Spill Kit with Portable Blue Tarpaulin Bag

Tackle medium-sized spills with this 70L Portable Spill Kit in a durable blue tarpaulin bag. Ideal for field and vehicle applications, it includes absorbents and PPE for comprehensive spill response.

Portable Spill Kit Bag (Blue Tarpaulin) x 1, Absorbent Pads x 10, Dustpan and Brush x 1, Universal Absorbent (3kg) x 2, Absorbent Socks (1m) x 2, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

80L Spill Kit in Portable Bag | Industrial & Field Use

A robust 80L Portable Spill Kit, suitable for medium to large spills, housed in a portable bag for easy deployment in field and industrial environments.

Portable Spill Kit Bag (Yellow) x 1, Absorbent Pads x 10, Dustpan and Brush x 1, Universal Absorbent (3kg) x 2, Absorbent Socks (1m) x 4, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5, Rags x 2

Portable 70L Spill Kit | Lightweight & Efficient

The 70L Portable Spill Kit provides versatile spill response options in a lightweight, easy-to-carry bag. Perfect for medium spills in various settings.

Portable Spill Kit Bag (Red) x 1, Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 2, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

Absorbents

High-performance absorbents for various spill types.

GreenGuard Economical Absorbent & floor sweep 10kg

Our GreenGuard Economical Absorbent & Floor Sweep 10kg is an essential and cost-effective solution for managing a range of spills in industrial, commercial, and workshop environments.

Quick absorption for oil, chemical, and liquid spills, Ideal for industrial and commercial environment, Cost-effective and long-lasting, suitable for frequent use, Easy to apply, helping reduce downtime and enhance safety.

SpillSafe Standard Industrial Absorbent

Our SpillSafe Standard Industrial Absorbent is a versatile, high-performance solution designed for managing spills of oils, chemicals, and other industrial liquids.

High Absorption Capacity: Our standard blend has a 1:6 absorption ratio, ensuring quick and effective spill containment, Eco-Friendly Composition: Made from natural materials, including cocopeat and pine bark, this absorbent is environmentally sustainable., Versatile Application: Suitable for absorbing oils, chemicals, and various other liquids, making it perfect for multiple settings.

UltraMax Premium Absorbent 10kg | Effective Spill Control

Our UltraMax Premium Absorbent 10kg is a high-efficiency spill management solution, ideal for industrial, automotive, and commercial use.

High Absorption Efficiency: With a 1:9 absorption ratio, UltraMax Premium Absorbent outperforms standard absorbents, ensuring thorough spill control. Eco-Friendly: Made from 100% natural cocopeat, this absorbent is biodegradable and environmentally friendly. Versatile Applications: Perfect for use in factories, workshops, garages, and homes, UltraMax Premium Absorbent is suitable for a wide range of spill scenarios.

Eco-Friendly 30L Spill Kit | Absorbents & Safety

The 30L Eco Spill Kit is designed with eco-friendly absorbents for effective cleanup while minimizing environmental impact. Compact and efficient, it's perfect for light spill control in workshops, garages, and transport vehicles.

Portable Spill Kit Bag (White) x 1, Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 1, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

30L Spill Kit Refill

Portable and secure, our 30L Spill Kit in a tamper-proof bucket is designed for quick and safe spill response. Ideal for workshops, garages, and on-the-go use, it includes essential absorbents and PPE for oil, chemical, and general spills.

Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 2, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

70L Spill Kit with Portable Refill

Tackle medium-sized spills with this 70L Portable Spill Kit in a durable blue tarpaulin bag. Ideal for field and vehicle applications, it includes absorbents and PPE for comprehensive spill response.

Absorbent Pads x 10, Dustpan and Brush x 1, Universal Absorbent (3kg) x 2, Absorbent Socks (1m) x 2, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

80L Spill Kit in Portable Bag Refill | Industrial & Field Use

A robust 80L Portable Spill Kit, suitable for medium to large spills, housed in a portable bag for easy deployment in field and industrial environments.

Absorbent Pads x 10, Dustpan and Brush x 1, Universal Absorbent (3kg) x 2, Absorbent Socks (1m) x 4, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5, Rags x 2

Portable 70L Spill Kit Refill | Lightweight & Efficient

The 70L Portable Spill Kit provides versatile spill response options in a lightweight, easy-to-carry bag. Perfect for medium spills in various settings.

Absorbent Pads x 5, Dustpan and Brush x 1, Universal Absorbent (3kg) x 1, Absorbent Socks (1m) x 2, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

Fleet Care

Essential products for fleet maintenance and spill prevention

	<p>Frictionless Foam Wash HD</p> <p>Frictionless Foam Wash HD is a heavy-duty, highly concentrated alkaline cleaner that tackles even the most difficult soiling on industrial vehicles and equipment.</p> <p>Method of Use: Apply a thin layer of foam using a foam cannon. For foam injectors, use a 3% mix; for foam cannons, use a 1:4 ratio. Let the foam sit for 1 minute, then rinse using a high-pressure washer, working from the bottom up to avoid streaks. If the product begins to dry on the surface, re-foam to reactivate the cleaner and rinse again.</p>
	<p>Frictionless Foam Wash</p> <p>Frictionless Foam Wash is a highly concentrated, alkaline, frictionless foam cleaner designed for superior cleaning power. Its clinging foam removes stubborn dirt without scrubbing, making it ideal for cars and other vehicles.</p> <p>Recommended Use: Suitable for all paints, stainless steel, and chrome. Avoid use on mirror-polished aluminium Method of Use: Apply foam over a dry vehicle, let it sit for 1 minute, and rinse using a high-pressure washer. Do not apply in direct sunlight, and refoam if drying occurs.</p>
	<p>Spray On Foam Wax</p> <p>Spray On Foam Wax is an advanced foam wax formula that delivers an exceptional, long-lasting shine and superior water beading properties</p> <p>Uses: Suitable for all types of vehicles. Ideal for applying after washing to add a protective, glossy finish.</p> <p>Method of Use: Dilute the wax at a 1:4 ratio for a deep, glossy shine, or 1:6 if no wipe-down will follow. Apply using a foam cannon, and rinse off shortly after application. For the best results, wipe the vehicle down after rinsing to enhance shine and protection.</p>
	<p>Tyre Silicone Solvent-Based</p> <p>Tyre Silicone Solvent-Based is a premium-grade tyre and trim conditioner that brings out a high-gloss finish, rejuvenating old or dull surfaces.</p> <p>Uses: Ideal for tyres, bumpers, and exterior trims. Perfect for restoring the shine to old or faded surfaces Method of Use: Apply with a brush or cloth, ensuring even coverage. Allow to dry completely for best results Key Benefits: The solvent-based formula provides a glossy, professional finish that lasts. It's resistant to dust buildup and keeps tyres and trims looking clean and fresh between washes.</p>
	<p>Tyre & Dash Shine</p> <p>Tyre & Dash Shine is a premium silicone-based solution designed to deliver a deep, lasting shine to tyres, dashboards, and exterior trims</p> <p>Uses: Can be used on tyres, dashboards, bumpers, and floor mats. Suitable for both interior and exterior surfaces Method of Use: Apply with a cloth directly to the surface, ensuring even coverage. No need to buff dry, and the product will not leave a sticky residue. Reapply as needed to maintain the desired shine.</p>
	<p>Alu Brite RTU 25lt - Aluminium Cleaner and Brightener</p> <p>Alu Brite RTU is a highly effective ready-to-use aluminium cleaner and brightener, specifically formulated to remove stubborn dirt, grease, oil, and oxidation from aluminium surfaces.</p> <p>For aluminium and stainless-steel trucks and trailers: Use neat or slightly diluted. Working in hot, direct sun may cause streaking, therefore it is essential to wet down sides of trailer with water to cool surface before application of cleaning solution.</p>
	<p>Black Tyre Paint</p> <p>Black Tyre Paint is a high-performance tyre coating designed to provide a rich, long-lasting black finish. Unlike traditional solvent-based tyre shines, this emulsion formula resists dust buildup, ensuring your tyres stay clean and glossy for longer</p> <p>Uses: Suitable for use on all vehicle tyres. Provides a deep, black finish without attracting dust. Method of Use: Apply with a paintbrush or sponge for even coverage. Reapply when the surface begins to dull to maintain the shine.</p>
	<p>Foam Cannon MJJC</p> <p>The MJJC Foam Cannon is the best of the best, allowing for both horizontal and vertical spray patterns, it also creates a lighter clinging foam than most other cannons.</p> <p>METHOD OF USE: Adjust nozzle to the smallest setting to ensure min chemical usage and best foam application</p>

Chemicals

Industrial-grade chemicals designed for safe and effective cleaning.

MX-60 Degreaser 25L

MX-60 Degreaser is a versatile, high-performance quick break degreaser, designed to lift and separate hydrocarbons, oils, and grease, making it easier to dispose of waste in compliance with environmental standards.

MX-60 can be used to clean up most general soiling, but has been specifically formulated to act as a quick break degreaser for combating hydrocarbons in the following Industries: Oil remediation, Oil separation tanks, Workshop, Wash Bays, Marine, Mining, General

Sewerex

A concentrated compound designed for drain and sewer line cleaning

A concentrated compound designed for sewer line cleaning and removing blockages, SEWEREX will also attack and dissolve stubborn roots that penetrate sewer lines, SEWEREX has a delayed action which permits it to reach obstructions before going to work on all organic matter, Certain industrial organic waste may give off explosive gases when in decomposing sewer environments.

Drain Maintenance

Drain Maintenance is a combination of bacteria and enzymes that rapidly liquefy and digest fats, oils, greases, cellulose and protein. By keeping slow or blocked drain systems and grease traps free flowing, the need for frequent cleaning is reduced.

USES: Grease Traps, Drain Lines, Bath & Shower Drains, Odour Control, Lift Stations, Compactors, Carpets & Rugs, Kitchens Waste Collection Areas, Dustbins Dog Kennels, Septic tank friendly, Hard Surfaces

MX-90 Asbestos Encapsulator

MX-90 L Asbestos Encapsulator is a water soluble, environmentally friendly bridging encapsulant for Asbestos. MX-90 S Asbestos Encapsulator will bind friable asbestos and contain and stabilise any loose fibers.

Considerable efforts are being made to remove ACMs (Asbestos Containing Materials) from the environment. Most asbestos is contained in bonded form and when in good condition, does not pose a significant risk of releasing airborne fibres.

HYDROCARBON TREATMENT

Hydrocarbon Treatment is a unique blend of different bacteria strains used to effectively degrade both aromatic and aliphatic hydrocarbons. Hydrocarbon Treatment reinforces or augments the natural biological process.

It uses a bioremediation approach to aid in the degradation of the various pollutants found in the water supply by becoming the dominant force within water and soil systems.

ACF-32 | BIOLOGICAL AMENDMENT

ACF-32 is used for remediation of contaminated lakes and rivers, municipal and residential wastewater system performance, helping to comply with environmental discharge regulations, and in agricultural compost and manure applications to speed up composting and reduce toxic levels of ammonia and related odours.

Sizes: 1 Gallon, 5 Gallon

Electrical Contact Clean

Safety solvent cleaner for electrical circuit and contact cleaning. Dielectric Strength 25,000 volts.

Metal Brite

Concentrated aluminium and stainless steel cleanser and brightener. Contains special blends of acids to emulsify dirt, oil, grease and oxides while brightening aluminium and stainless steel surfaces.

Janitorial

Quality janitorial supplies to maintain a clean and safe environment.

Mopping Trolley 60L Double Wringer Bucket

The 60L Double Wringer Mopping Trolley is the ultimate solution for large-scale commercial cleaning tasks. Its dual wringer system allows for quick and efficient cleaning of large spaces, providing a practical solution for high-traffic areas

Capacity: 60 liters, ideal for extensive cleaning needs, Dual Wringer System: Two wringers allow for separation of clean and dirty water, enhancing cleaning quality., Benefits: The large capacity and double wringer system are perfect for commercial spaces, reducing cleaning time and ensuring optimal cleanliness.

Mopping Trolley 36L Wringer Bucket

Our 36L Mopping Trolley with Wringer is built for high-demand commercial cleaning. Designed with a large capacity for extended use, it is available in vibrant colors for easy identification.

Capacity: 36 liters, ideal for large commercial areas, Color Options: Available in yellow, green, and blue for easy color-coding., Benefits: Ergonomically designed wringer reduces water usage, ensuring efficient cleaning and ease of use in professional settings.

Industrial Dust Mop | Assorted Sizes

The Industrial Dust Mop is built to handle large spaces with ease, featuring a washable and replaceable head that makes it a sustainable choice. Available in three convenient sizes, 60cm, 90cm, 110cm this mop's anodized aluminum handle ensures durability, making it ideal for industrial and commercial spaces.

Sizes: Available in 60, 90, and 110cm for customizable cleaning options. Handle: 25mm anodized aluminum, lightweight yet sturdy.

Industrial Dust Mop Refill | Assorted Sizes

The Industrial Dust Mop Refill is crafted to fit seamlessly onto our Industrial Dust Mops, providing a washable, reusable option that promotes sustainability. Available in 60cm, 90cm, and 110cm, this refill is made from durable cotton yarn for effective dust control in commercial and industrial spaces.

Sizes: Available in 60, 90, and 110cm for customizable cleaning options.

Industrial Mop Metal

The Industrial Mop with Metal Handle is built for the demands of industrial and commercial cleaning, featuring a 450g mop head for efficient coverage and a metal handle for long-lasting durability. It's an ideal choice for large areas requiring deep cleaning.

Weight: 450g for effective coverage and cleaning power. Material: Durable metal handle, machine-pressed attachment for strength., Benefits: Handles high-traffic areas with ease, providing excellent durability and cleaning performance for industrial spaces.

Color-Coded Hygiene Fan Mop

The Hygiene Fan Mop is designed with an aluminum handle and color-coded grip to enhance hygiene in sensitive cleaning environments. Ideal for food services, hospitals, and other high-demand areas, this mop's ergonomic design provides easy use and efficient performance.

Color-Coding Options: Available in red, green, blue, yellow, and white, Material: Lightweight aluminum handle for durability and easy maneuverability. Benefits: Helps prevent cross-contamination in sensitive areas by providing color-coded options for specific cleaning zones.

Industrial Fan Mop Handle

The Fan Mop Handle is a reliable and sturdy solution for fan mop refills, available in both 1.2m and 1.5m lengths. With a comfortable grip and easy attachment, it's perfect for industrial and commercial cleaning needs, providing reach and durability for thorough mopping.

Handle Lengths: 1.2m and 1.5m options for different cleaning needs. Material: Durable and lightweight handle for easy maneuverability. Benefits: Compatible with fan mop refills, offering flexibility and convenience in both residential and commercial settings.

Fan Mop Refill with Color Coded Band

The Fan Mop Refill is designed for easy replacement on fan mops, with color-coded bands to help prevent cross-contamination in high-use areas. Available in 400g and 500g, this refill provides excellent absorbency and durability for both wet and dry mopping.

Sizes: 400g and 500g for varied cleaning needs, Color-Coded Band Options: Red, green, blue, yellow, or white. Benefits: Reduces cross-contamination with color-coding and provides high absorbency for efficient cleaning.

Janitorial

Quality janitorial supplies to maintain a clean and safe environment.

Platform Broom Soft | 300mm, 380mm, 450mm, 600mm

The Soft Platform Broom offers a wide coverage area with its 5 rows of soft black bristles, making it perfect for large indoor areas. It is designed to sweep up fine dust without leaving scratches, ideal for commercial facilities and smooth surfaces.

Bristles: 5 rows of soft black bristles for gentle dust collection. Material: Sturdy metal stay with bolt and nut for stability and durability.

Benefits: Efficiently captures dust and debris in large areas, perfect for indoor, smooth floors in commercial spaces.

Platform Broom Stiff | 300mm, 380mm, 450mm, 600mm

Platform Broom 450mm Stiff is engineered for heavy-duty cleaning tasks on rugged surfaces. Its 5 rows of stiff maroon/brown bristles are designed to clear out stubborn debris, making it perfect for driveways, industrial floors, and outdoor areas.

Bristles: 5 rows of stiff maroon/brown bristles for effective dirt removal. Material: Reinforced metal stay with bolt and nut for secure bristle attachment. Benefits: Ideal for high-impact cleaning on rough surfaces, durable and built to last in demanding environments.

Flagged Broom Screw

The Flagged Broom Screw is built for gentle but effective sweeping, featuring soft flagged bristles that capture fine dust particles. Its durable 4-screw plastic threaded attachment allows for easy handle connection, making it ideal for both indoor and outdoor cleaning.

Bristles: Soft, flagged bristles for fine dust collection., Attachment: Sturdy 4-screw plastic threaded attachment for secure handle fit.

Benefits: Gentle on floors and effective at picking up fine debris, perfect for indoor spaces and delicate surfaces.

Super Deluxe Broom

The Super Deluxe Broom combines luxury with functionality, featuring dense, soft-flagged bristles for efficient and gentle sweeping. Its color-coded wooden base adds a stylish touch that coordinates with the bristles, making it an attractive and functional addition to any cleaning routine

Equipped with plastic bumpers, this broom minimizes scuffing and damage to walls and furniture.

Hygiene Broom

The Hygiene Broom is available in both 300mm and 450mm sizes and is designed for hygienic cleaning in kitchens, hospitals, and other sensitive environments. Its color-coded bristles and handle provide easy identification, reducing cross-contamination risks. This broom's durable build ensures reliable performance in high-demand areas.

Size Options: 300mm and 450mm. Color Options: Available in red, green, blue, yellow, and white for easy color-coding.

70L Spill Kit with Portable Blue Tarpaulin Bag

Tackle medium-sized spills with this 70L Portable Spill Kit in a durable blue tarpaulin bag. Ideal for field and vehicle applications, it includes absorbents and PPE for comprehensive spill response.

Portable Spill Kit Bag (Blue Tarpaulin) x 1, Absorbent Pads x 10, Dustpan and Brush x 1, Universal Absorbent (3kg) x 2, Absorbent Socks (1m) x 2, Absorbent Pillow x 1, Nitrile Gloves x 1, FFP2 Dust Masks x 2, Protective Spectacles x 1, Label x 1, Disposable Bags x 5, Cable Ties x 5

Metal Rake 16 Finger with Metal Handle

The Metal Rake 16 Finger is crafted for strength and durability, ideal for heavy-duty landscaping and yard maintenance. Featuring a powder-coated handle, this rake is designed to handle tough conditions, making it perfect for industrial and commercial applications.

Material: Heavy-duty steel construction with powder coating for rust resistance. Size: 16 sturdy metal fingers for effective debris collection. Benefits: Long-lasting, rust-resistant, and built for industrial use, this rake provides a dependable solution for demanding landscaping tasks.

Deluxe Plastic Leaf Rake

Deluxe Plastic Leaf Rake is built to handle tough outdoor cleanup with ease. With durable plastic fingers and a wide rake head, it gathers leaves, grass, and debris effectively. The ergonomic handle ensures comfort during extended use, making it a reliable choice for both residential and commercial landscaping .

Material: High-quality plastic for durability and long life. Handle: Ergonomic design for comfortable grip.

Janitorial

Quality janitorial supplies to maintain a clean and safe environment.

Plastic Window Squeegee with Sponge | Assorted Colors

Plastic Window Squeegee with Sponge is an all-in-one tool for streak-free window cleaning. The built-in sponge is gentle on glass, ensuring a thorough clean. Available in assorted colors, it's ideal for both residential and light commercial cleaning

Material: Soft sponge and rubber squeegee. Size: Suitable for windows, mirrors, and other smooth surfaces. Benefits: 2-in-1 functionality reduces the need for separate sponges and squeegees, making it a convenient and time-saving tool.

Wet Floor Sign

The Wet Floor Sign is a durable safety marker, standing at 60cm high to ensure visibility. This essential tool helps prevent accidents by clearly indicating slippery or recently cleaned floors. Lightweight and easy to place, it's a must-have for any facility prioritizing safety.

Height: 60cm for high visibility. Material: Lightweight plastic for easy mobility and durability. Benefits: Essential for maintaining a safe environment, this sign is suitable for use in commercial and residential spaces.

Dustpan and Brush Set

This Dustpan and Brush Set is designed for efficient, easy cleanup, featuring a sturdy dustpan and soft-bristle brush for collecting dust, crumbs, and small debris. The dustpan's wide mouth and smooth edge ensure thorough sweeping, while the brush's ergonomic handle provides a comfortable grip, making it ideal for both quick cleanups and regular maintenance tasks.

Made from durable materials, this set is built to last and is perfect for kitchens, workshops, and general household use, offering convenience and effectiveness in one compact set.

Hand Cleaner with Grit 5kg

Premium hand cleaning solutions: 5kg Hand Cleaner Grit and Hand Cleaner Gel. Both products are lanolin-based, designed to effectively remove the toughest grime and grease that ordinary soaps cannot tackle. Our paraffin-free formulas ensure that your skin remains moisturized and protected, preventing dryness and irritation.

Superior Cleaning: Effectively cleans hands from the toughest grime and grease.

5kg Rags for Industrial Cleaning

Absorbent rags ideal for spill cleanup, oil, and grease removal in industrial settings. Durable and reusable. SpillChem 5kg Rags are your ultimate solution for versatile cleaning, wiping, and absorption tasks in industrial, commercial, and domestic settings.

High Absorbency: These rags are designed to quickly absorb liquids, making them ideal for spill cleanup and surface wiping. Durable and Reusable: Made from strong, high-quality materials, these rags can be washed and reused multiple times, offering excellent value.

Oil Absorbent Pads | 480mm x 400mm

Efficient oil absorbent pads designed for quick spill response in industrial settings. These Oil Absorbent Pads, measuring 480mm x 400mm, are designed for efficient and effective spill response in industrial, automotive, and marine settings.

Exceptional Absorption: Each pad is designed to absorb up to 10 times its weight in liquids, ensuring swift and effective spill containment. Durable and Tear-Resistant: Engineered to withstand tough conditions, these pads remain intact even when fully saturated.

Chemical Absorbent Pads | 480mm x 400mm

Quick-acting chemical absorbent pads for safe, efficient spill cleanup. Ideal for industrial applications.

Introducing SpillChem Chemical Absorbent Pads, the ultimate solution for managing and containing chemical spills with ease and efficiency.

High Absorption Capacity: Each pad can absorb up to 10 times its weight in chemicals, ensuring quick and effective spill management. Non-Toxic and Safe: Safe for use around people and animals, our absorbent pads are non-toxic and easy to handle.

25mm Wooden Mop and Broom Sticks

Our 25mm Wooden Mop and Broom Sticks offer a sustainable and robust cleaning solution. These wooden handles are crafted from premium-quality wood and provide lasting durability with a smooth finish for comfortable handling.

The 25mm diameter ensures compatibility with most standard mop and broom heads, making them a versatile choice for various cleaning tasks in both commercial and residential settings.

Four Drum Spill Pallet | Reliable Spill Containment

Durable four-drum spill pallet, providing effective containment for leaks and spills in industrial environments. The Plastic Spill Pallets for Four Drums by SpillChem are designed to provide a secure and efficient solution for the storage and handling of hazardous liquids.

Durable Construction: Made from injection-molded polyethylene (PE) for superior chemical resistance and durability.

High Load Capacity: Supports a static load of 2200 kg and a dynamic load of 1100 kg, accommodating heavy drums with ease.

Two Drum Spill Pallet | Durable Industrial Containment

Secure spill pallet for two drums, designed to contain leaks and spills. Ideal for industrial use. The Plastic Spill Pallets for Two Drums by SpillChem are essential for safe and efficient management of hazardous liquids.

Durable Construction: Made from injection-molded polyethylene (PE) for superior chemical resistance and durability. High Load Capacity: Supports a static load of 1100 kg and a dynamic load of 550 kg, accommodating heavy drums with ease. Efficient Spill Containment: 150 L sump capacity effectively contains spills and leaks from drums.

Spill Pallet for IBC Tank | Industrial Containment

Robust spill pallet designed for IBC tanks, providing reliable containment and spill management for large quantities of liquids. The Plastic Spill Pallets for IBC Tank by SpillChem are designed to provide robust spill containment and ensure safe handling of Intermediate Bulk Containers (IBCs).

Durable Construction: Made from roto-molded polyethylene (PE) for superior strength and chemical resistance. Efficient Spill Containment: Large 1300 L sump capacity effectively contains spills and leaks from IBC tanks.

Satin Paste

Highly effective ammoniated paste cleaner. No drip off when cleaning vertical surfaces. Versatile cleaner that may be diluted with water to make into a solution for cleaning more delicate surfaces.

Ideal for cleaning baths, basins, and all ceramic surfaces as well as melamine-type canteen table tops and counters, Also used in kitchens for removing fat from overhead cooking canopies, for porcelain, plastic, aluminum and stainless steel pots and kitchenware

Industrial Steel Squeegee | Heavy-Duty Spill Tool

A durable steel squeegee for heavy-duty use, perfect for removing spill residues from industrial floors. The SpillChem Industrial Steel Squeegee is the ultimate cleaning tool for industrial and commercial environments.

Durable Construction: Made with a strong steel handle for long-lasting use. Efficient Cleaning: 45cm & 60cm head with a rubber blade ensures maximum coverage and efficient liquid removal.

Wheely Bins (Non-SABS) | 240L & 120L

Our Wheely Bins are built to provide long-lasting durability, convenience, and functionality for all waste management applications. These bins are ideal for household, commercial, and industrial use, featuring a robust design that handles demanding environments with ease.

Colors Available: Yellow, White, Red, Orange, Grey, Green, Blue, Black, Sizes: 240L, 120L

SABS Approved Wheelie Bins | 240L, 120L, 80L

SABS Approved Wheelie Bins offer certified quality and reliability, designed to meet the rigorous standards set by the South African Bureau of Standards. Perfect for demanding waste management needs, these bins provide an ideal solution for households, offices, and industrial facilities seeking dependable, certified products.

Colors Available: Yellow, Red, Green, Blue, Black, Sizes: 240L, 120L, 80L

Air-San HVAC

A synergistic blend of novel fragrances for odour control. A hygienic air deodorizing spray specifically designed for the HVAC air condition industry, hospitals, sick rooms, mortuaries, hotel foyers, airport waiting rooms, vehicles and wherever air borne germs need to be kept at bay.

For air deodorizing: stand in the middle of a room and spray towards the ceiling corners of the room. Only a quick burst is needed.

HOSPITALITY

Hospitality supplies to maintain a clean and safe environment.

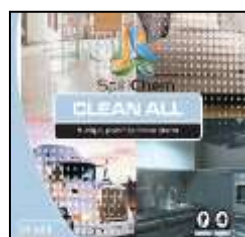

Liquid Hand Soap

This reliable and effective liquid hand soap formula contains a high percentage of surfactants and wetting agents washing away dirt and bacteria (health care agencies recommend washing hands in warm water for at least 20 seconds) leaving your hands feeling clean and soft.

Anti-Bacterial Hand Soap

Antibacterial Liquid Hand Soap, works to tackle a wide spectrum of microorganisms including bacteria, viruses, and fungi (in a handwashing test vs. the following common harmful bacteria: s. Aureus & E. coli). Our blue liquid antibacterial hand soap makes this the perfect addition to any kitchen or bathroom and is not only effective as a daily cleaner, but also for pre-surgical skin prep and surgical hand scrub. .

Clean All

Clean All is a highly concentrated general-purpose cleaner containing sequestrants and water-soluble solvents that will clean everything from fabric to trucks.

Clean-San

Clean-San is a powerful multipurpose, disinfectant cleaner, deodorizer and sanitizer for all surfaces. Contains Alkyl Dimethyl Benzyl Ammonium Chloride and Teatree oil for a powerful sanitizing action.

Chem Fog

Fat, Oil, Grease Control B (Fog Brick) is a slow release, bacterial laden solid for use in degrading organic waste within grease traps. The safe, naturally occurring bacteria are present in high numbers to handle difficult organic problems. The unique brick will gradually dissolve over a 35 – 120 day period allowing for continuous treatment

Drain Maintenance

Drain Maintenance is a combination of bacteria and enzymes that rapidly liquefy and digest fats, oils, greases, cellulose and protein. By keeping slow or blocked drain systems and grease traps free flowing, the need for frequent cleaning is reduced.

Hand-San

HAND-SAN is an instant hand and arm sanitizer with a refreshing scent. It contains 72% alcohol to eliminate over 99.5% of cross contamination micro-organisms. With added Vitamin E, keeping your hands soft and moisturized.

Oxy-Bleach

A stabilized bio-oxidant solution, non-corrosive and stabilized for long term storage.
